

Rich & Keelan

Thank you for taking a moment to allow us the pleasure of introducing ourselves to you. While we may only be able to share a brief glimpse into our lives at present, we hope that we can put your mind and heart at ease and provide you with a smile or two for your day.

We are Richard and Keelan and, (along with our two pups; Onyx and Arya), are so excited to be growing our family by having a child placed with us through adoption!

Richard and Keelan met in 2014 while working in different cities for the same company. Keelan was in a department that worked closely with representatives under Richard's supervision and what had started out as business discussions developed into personal conversation. They realized just how much they had in common, and how focused they both were on starting a family together. After being in a long distance relationship for a short period of time, they decided to move in together and start their lives as one life.

Our Story

Their shared interests grew and without a doubt in his mind, Keelan proposed to Richard after Richard's birthday dinner. A year later, in 2017, they shared their vows on a beach in Mexico in front of their close friends and family members.

They like to split their time between relaxing at home, (puttering around the house, doing upkeep, and playing video games) with adventuring in the outdoors. Living close to Keelan's sister and her family, they enjoy family walks around local trails together but also explore local areas.

Together, they now look forward to taking the next big adventure of having a child together and making their dream come true.

Meet Keelan

by Rich

What can I say? Keelan is my everything. It sounds cheesy but the moment we met I knew that he was the one. He is funny, caring, intelligent and always willing to help a friend in need.. Keelan knows how to make me laugh when I'm feeling down and keep the laughter going when I'm happy. Our love has brought us on some pretty amazing adventures. The next exciting chapter we are hoping to embark on together is into fatherhood! Keelan is meant to be a dad. We are so excited for the opportunity to share our lives together with a child, we just need some help to get us onto this journey!

Meet Rich

When I first saw Richard's profile picture on one of our company's internal tools, I would joke and day dream with my coworker and close friend that one day, Richard and I would end up together. I can honestly say that Richard is truly the man of my dreams. He is the epitome of who an amazing spouse should be. Together we have shared in experiences that I never thought I would do on my own and he has enriched my life so much more than I ever thought possible. I wouldn't have anyone other than Richard by my side as we venture into Fatherhood together.

We promise that your child will be loved unconditionally not only by us, but our entire family. We will cherish every moment we have with them and support them every step of the way. We also want you to know that should you be interested in having an open adoption, we are more than happy with this. We feel that it is important to not only share your story with our child, but that you be present throughout their life.

Our Promise to You

Our Family & Friends

Home & Lifestyle

Our home is situated in a quiet and safe neighbourhood that is close to parks, schools and entertainment venues, and a dog park we frequent. We, and our neighbours, enjoy putting up decorations every year (Christmas and Halloween being our favourites)! We are positive that we found the perfect place to start our family and make a forever home. Together we love to live life and experience what the world has to offer. Whether it be a short drive to a scenic hiking area, to an overseas trip to experience another culture, we have found that the world is an amazing place. We can't wait to share future experiences with our family and share the world with them.
