Information Night

November 4th at 7:00 pm

This is for families who are interested in adoption and want to hear more about their options and how the process works. If you or someone you know want to attend, call Vickie at 250-763-8002 to register and receive information on location and time!

Adoption News

SPREAD THE GOOD NEWS —

Contact our office to find out more about any of these or our other adoption programs—250-763-8002.

Up-date on Haiti

We have been actively receiving proposals! In fact, some families have already made their first trip to Haiti with others planning to go soon to meet their child!

We are still accepting applications for Haiti.

Up-date on South Africa

This an adoption program with great success! The children available are between 1 and 3 years old and families travel to receive their children within weeks of accepting the proposal on their child. Once the dossier reaches South Africa, families wait 15-22 months to receive their proposal information. It is a program that is at this time stable with a predictable process.

Up-date on the US

Through this program families can adopt newborn infants. Once their dossier is sent to the US adoption agency we work with, families receive a proposal in about 15-22 months. Again this program is stable with a predictable process. We have been receiving many proposals for our waiting families in the program with many who have traveled recently to bring their children home!

Domestic

We are currently accepting applications for the domestic program.
