Programs this Month:

Central Okanagan Family Hub - Kelowna Theme Days

Two child friendly theme days are offered each week on a drop-in basis at the Hub. Simple, free activities that correspond with the theme of the day will be provided for children aged 0-12 years old.

The Bridge-Parent Talk

Weekly drop-in sessions for parents and caregivers with children under age 6. Adults meet while the children are supervised in our playroom to talk about parenting, wellness and child development. No cost drop-in sessions, child care provided, coffee, tea & healthy snacks provided for adults. Please bring a water bottle and healthy nut-free snack for your children.

Japanese Story Time

We sing Japanese songs and read Japanese books with our children. We support one another in a friendly, welcoming environment where caregivers and their children can meet and make friends. Japanese Storytime is meant to provide a space where children can practice and reinforce the Japanese language and culture, the group asks that caregivers are fluent in Japanese. If you have any questions or inquires please email val@cofh.ca.

Okanagan Regional Library Story Time

Join us as the Okanagan Regional Library makes a visit to the Hub for story time! Story time will be for approximately 20 minutes and then there will be a short information session about the library. For children ages 0-5.

Childhood Connections - Nobody's Perfect Parenting Group *(Tuesday Mornings, February 25th – March 31st)*

A facilitated, community-based parenting program for parents of children from birth to age five. The program is designed to meet the needs of parents who are young, single, socially or geographically isolated, or who have low income or limited formal education. Please contact val@cofh.ca or 250-826-6264 if you are interested in registering for this program.

Parent-Child Mother Goose Program

A group experience for parents and their babies/young children, which focuses on the pleasure and power of using rhymes, songs, and stories together. Parents gain skills and confidence, which can enable them to create positive family patterns during their child's crucial early years, and give their children healthy early experiences with language and communication skills. Registration required through the HUB.
